**TO WHOM IT MAY CONCERN**

We have pleasure in providing a reference for Alistair & Sheryl (Double Talk) as they have over the four years that we have operated Seven Oaks been the most popular band. This is as a result of them appealing to a wide range of people and having that ability to keep in touch with what people want and get them going right at the start of the night. They are great to deal with and our daughter has chosen them to play at her wedding in October.

Regards

A handwritten signature in black ink, appearing to read "Gavin".
